
BILLS**SUPPLEMENT No. 14****29th October, 2021****BILLS SUPPLEMENT***to The Uganda Gazette No. 78, Volume CXIV, dated 29th October, 2021*

Printed by UPPC, Entebbe, by Order of the Government.

Bill No. 32*Public Health (Amendment) Bill***2021****THE PUBLIC HEALTH (AMENDMENT) BILL, 2021****MEMORANDUM****Object of Bill**

The object of this Bill is to amend the Public Health Act to repeal the obsolete provisions; to revise the fines for offences committed under the Act; to repeal the provisions on venereal diseases, building and construction and public sewers and to repeal the Venereal Diseases Act, Cap. 284 and the Immunization Act, 2017.

Justification of the Bill

The Public Health Act, Cap 281, was enacted in 1935 and has never been amended. The Bill therefore seeks to address the emerging public health challenges including the new and emerging infectious diseases such as COVID – 19 and Ebola.

The Bill is premised on the public health response structures and mechanisms in the National Technical Guidelines for Disease Surveillance and Response of the Ministry of Health and domesticates the WHO International Health Regulations (2005), to control the spread of infectious diseases across the borders of Uganda and to provide a public health response mechanism that will not disrupt international travel and trade.

To further control the spread of infectious diseases the Bill has revised the fines payable for offences committed under the Act and allows for the payment of fines for without prosecution.

Salient provisions of the Bill

The Bill repeals obsolete terms such as “chief medical officer” “health inspector” and “local authority” and all references to “sanitary boards” and brings the Kampala Capital City Authority within the ambit of the Public Health Act.

The Bill widens the definition of “medical officer” to include a medical officer in the employment of the Central Government.

In clause 11, the Bill ensures that a medical officer destroys beddings, clothing or any other articles which are infected with an infectious disease, only with an order of court.

Clause 21 provides that the Government shall be responsible for the management of epidemics except where this responsibility is delegated to the local governments.

The fines in the Bill are expressed in form of currency points and the Bill has introduced the payment of fines without prosecution, liability for subsequent offences and continuing offences and gives the local authorities powers to seal premises that are used in contravention of the Act.

The Bill seeks to repeal the provisions on building and construction in Part IX of the Act which are now under the Building Control Act, 2013 and the provisions on public sewers which are governed by the Water Act Cap. 152 and the National Water and Sewerage Corporation Act, Cap. 317.

The Bill also seeks to repeal the provisions on venereal diseases in Part VIII of the Act and the Venereal Diseases Act, Cap. 284 and amends Part VII to regulate vaccination and repeals the Immunization Act, 2017.
